

SUSQUETHANNA, 80

We, the graduating class of 1980, proudly present our edition of the "Susquehannock" with the utmost pride and dignity. Throughout our high school careers, many things happen that are both worth remembering and have a lasting impression on us for life. In our edition of the "Susquehannock," we hope to capture some of the past events, teachers, administration, and good times we have had here at Millersburg Area High School. We built this yearbook on the foundation of giving seniors, as well as everyone else, the opportunity to preserve, relive, and cherish the memories we have as we made new friends, gained knowledge, and prepared ourselves for a goal in the future. For all of us in the class of 1980, the final days of our high school careers are coming to an end. As each one of us begin our new paths in life, we know deep inside that "We've Only Just Begun."

P R E F A C E

As we, the Class of 1980, prepare to enter a challenging world, we pause and look back at our "golden years"; our school years.

They have been exciting but boring, rushed but long, happy yet heartbreaking, and filled with activity yet lonely. They have been unforgettable. We made new beginnings, and many of them will now end. But some, like knowledge, understanding, and friendship, will follow us throughout our lives.

Every day is a new beginning. We are on our own. We are saying good-bye to MHS, to teachers, and to friends. But, we are not sad, for WE'VE ONLY JUST BEGUN.

Dedication

Being a good teacher takes special qualities such as understanding, patience, and a true interest in your students. All of these qualities are hard to find in one teacher, but we feel one teacher in particular has displayed each of them to us. He is not only a teacher, but also an advisor, counselor, and friend.

He has taught us to listen to and learn from each other. His classes not only teach us of the past, but also the present, and what lies ahead in our futures. He has shown us what obstacles and problems we will face on the "outside," and how to overcome them.

Because of his dedication to us, his true interest in us, and his determination to teach us, we the Class of 1980, are very proud to dedicate this, our edition of the Susquehannock, to MR. RANDALL FOX.

Alma Mater

In the dear old Lykens Valley
 'Neath the glowing sky,
Proudly stands our alma mater,
 On the hilltop high.

Mid the waving golden cornfields
 Just beyond the town
Proudly stands our alma mater,
 As the sun goes down.

When we leave our alma mater,
 We will praise her name
Ever live to raise the standards
 Of her glorious name.

Chorus:

Swell the chorus ever louder,
 We'll be brave and bold
Hail to thee, our alma mater
 Hail Maroon and Gold.

Our Beginnings

Our journey started twelve years ago
With much for us to learn.
We had so many ways to grow,
But we each had to wait our turn.

We started learning the basics at last;
All we wanted was to be grown-up.
Grade school became a thing of our pasts,
But now we had to measure up.

Middle school was new to us;
Everything was a big change.
We started to create a fuss,
For all the homework was very strange.

Our big moment was finally here;
We were no longer young.
When we began our Freshman year,
A lot of work had to be done.

We had to think of our careers,
For our schedules had to be met;
And after we had settled our fears
We realized that this, our first high
school year, we should never forget.

Our Sophomore year went by very fast,
With many exciting times.
We ordered class jackets and received
class rings.
For we were beginning to climb.

As Juniors we were very busy,
Especially with "Sharing the Night Together,"
We made our Prom the best that could be
Because we felt it was much to treasure.

Our Senior year finally came
With our Class Trip on our minds,
But then we had to face reality
And decide on what paths to find.

Applications had to be filled,
Either for colleges or for jobs;
But, in June, we will tread
A path which will seem very odd.

Our school years have come and gone
With the many things we have done;
We have gained much knowledge,
And many friends, we have won.

We are sad to say good-bye;
We fear what has to be done,
And when we leave, we will probably
cry,
But, WE'VE ONLY JUST BEGUN!

—Kathy Shiffer

We've Only Just Begun

We've only just begun
to live,
White lace and promises
A kiss for luck and we're on our way.

Before the rising sun
we fly,
So many roads to choose
We start out walking and learn to run.
And yes, we've just begun.

Sharing horizons that are new to us,
Watching the signs along the way,
Talking it over just the two of us,
Working together day to day
together.

And when the evening comes
we smile,
So much of life ahead
We'll find a place where there's room to grow,
We've only just begun.
We've only just begun.
We've only just begun.

TO THE GRADUATE

What I Would Wish You, Dear Young Friend:

Just enough EXPERIENCE seasoned with heartache so that you can separate dreams from illusions . . .
 DENIAL touched with indifference so that you will always try harder-struggle just a little more-to reach your goal, or to taste victory . . .

HARD WORK — lots of it — so that you might grow blisters on your hands but not on your attitudes . . .
 DEFEAT, occasionally, in order that your backbone may be stiffened and your emotional muscles strengthened

NEED so that you will never be afraid to reach out to others for help, nor will fail to comprehend that others may have need of you . . .

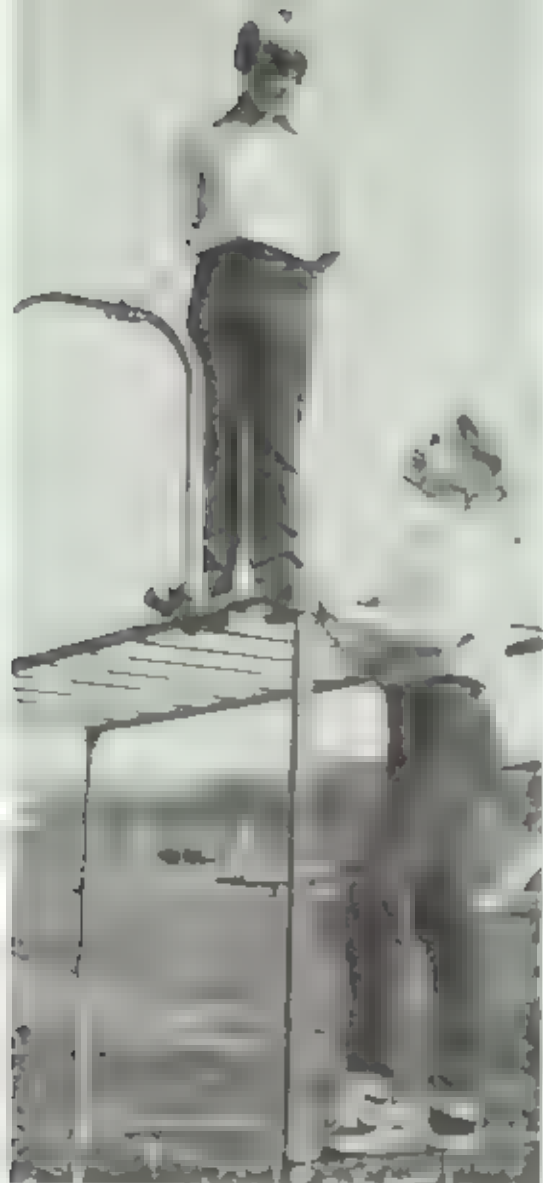

FRUSTRATION in order that you will have to begin again, to pick up the shattered pieces and know what it is to have to start over . . .

FEAR, fear of competition, fear of weakness, and fear of failure so that you will always avoid being the destructive B's — boastful, blase, and bored . . .

FAITH so that you will wrap yourself in God as your security blanket, and will never fail to acknowledge the Stars and Stripes as your status symbol . . .

No, I have not offered you the easy path, nor have I tossed out pretty phrases to compliment or win you. But then, friendship is telling it like it is. And life is made of these things I have offered you. The test is whether you can take it or not!

Class of '80 Hits

Washington, D.C. Once More

At the crack of dawn on Thursday, November 8, 1979, the senior class of 1980 left for the annual class trip to Washington, D. C. As the 53 students and the following 6 chaperones, Dr. & Mrs. William Knisely, Rev. & Mrs. Robert Stoner, Mrs. Ruth Riegle, and Mr. James Bullock, boarded upon Schlegel's buses, the greatly awaited event finally arrived. Under the direction of Prealey Tours, Inc., we left Millersburg at approximately 7:15 a.m. When we arrived in Washington, we visited such places as the Washington Zoo, Washington Cathedral, the FBI Building, and the National Air & Space Museum. That evening we registered at the Royal Masters Host Inn, where we were housed for the remaining 2 days of the trip. Free time was a thing of the past in Washington. Events such as the disco dance and buffet dinner, Washington by night tour, visits to the Washington Monument, the White House, the U.S. Capitol, the U.S. Supreme Court, the National Archives, the Virginia tour, and the numerous Smithsonian Institute Complexes highlighted the remaining two days of our trip. We, the Class of 1980, shared one of our most memorable experiences together in Washington, D. C. by viewing Iranian students protesting for the release of the ex-Shah of Iran. These many experiences and happenings were among the last things we did as a class. Many memories and good times were a result of this year's class trip. Only one word of advice to next years seniors, don't do anything we didn't do!

2. "Jeffy" Feaster on our trip to Gettysburg in 1974. Who could forget a face like that?
3. And here's Helen, modeling the latest thing in band uniforms, with a flag as an accessory. Her hair was still long in '78
4. "Little Pammy Troutman" celebrating her birthday in 1970. Wasn't she a munchkin!?
5. Doreen and Trac in 1979. What a pair!?
6. Wasn't Dave Haines a huggable little fellow in Grade 3?
7. Our own little Cindy with Mickey Mouse. Who said they aren't stars in '77?
8. Centerfolds in May! Dana and Rita in action?
9. Our own Little Kirby in Grade 3. Isn't he cute?
10. Ste Reiner on Bicentennial Day 1976. Isn't she gorgeous?
11. Band competition, October 1979. Does 'B' or doesn't 'B' have any clothes on?!?!?
12. Bicentennial Day 1976. Who could forget our own Uncle Sam - Mr. Vottero?
13. Our own 'Calendar Girl' - Tonya on the trip to Florida, May 1977
14. Shar Shar and Chrissy are all tuckered out from Disneyworld May, 1977
15. 'Little Bobby Krotser' on our trip to Gettysburg in 1974. Wasn't he a sweetie pie?
16. Disneyworld, May, 1977. Look at those legs on Tonya, Shari, Sue, and Jena!!
17. Our favorite grade school music teacher, Mrs. Gilbert. Who could forget her classes?!!?

Class of '80 Has High 'Ole Time

Class History

The Class of 1980 entered their freshman year with varied paths. We found before us many choices and opportunities. The choice of curriculum, clubs, team sports, and selection of class officers were all new items available to us our first year of high school. To lead our class our first year, we chose the following class officers: Dave Schreffler, President; Kirby Brosius, Vice President; Brad Baker, Treasurer; Lisa Smeltz, Secretary; and Karen Fox, Historian. Our main project was the selling of Easter candy. By June, the Class of 1980 no longer could be found asking for directions to Room 101, 114, 107, 108, etc . . . !!!

As the Class of 1980 moved on to its sophomore year, we had become more and more aware of the world that we lived in. We chose as our class officers: Karen Fox, President; Crystale Schultz, Vice President; Kathy Shiffer, Secretary; Shari Underkoffler, Treasurer; and David Franke, Historian. The class project was the selling of Christmas candy. Another high point in our year was the purchase of our class rings. As the year ended, we realized that another phase of our life had come to a close and we were ready to enter into another.

The next year, our junior year, was a very busy year for the Class of 1980. First on the agenda was the election of class officers. Those chosen were: Kirby Brosius, President; Tonya Sponic, Vice President; Bev Wert, Secretary; Randy Koppenhaver, Treasurer; and Tom Clark, Historian. We then received our class jackets. For the next few weeks, all that was seen was our bright maroon and gold jackets! For the "main event" of our junior year, the prom committees were set up and chairmen were appointed. Then the hard work began. Being that we chose "Sharing the Night Together" as our theme, many different ideas were incorporated into the best prom ever—Prom '79. Because of the cost of the prom we had to sell Christmas novelties to increase our treasury. As our junior year came to a close, we became impatient for we knew our senior year was rapidly approaching.

Finally, it happened! The Class of 1980 became the big SENIORS of MHS. We were no longer babies anymore, but young adults faced with many decisions to make and many responsibilities to take on. To begin the year, we elected the following class officers: Randy Carr, President; Kirby Brosius, Vice President; Bev Wert, Secretary; Shari Underkoffler,

Treasurer; and Tonya Sponic, Historian. The first activity we took on was a sub sale to raise money to assist us with our various senior festivities, the first one being our senior class trip to Washington, D. C. for three days. Washington didn't know what hit them when WE arrived!!! Afterwards, we all agreed that it was one trip we certainly would never ever forget!! Next, plans for graduation began by ordering announcements, organizing our class picture, and discussing activities for Class Night. After attending high school for 720 days, our high school years have come to an end. Although we will always retain our memories, we know that with our future WE'VE ONLY JUST BEGUN.

Before the rising sun we fly

Sharing the Night Together

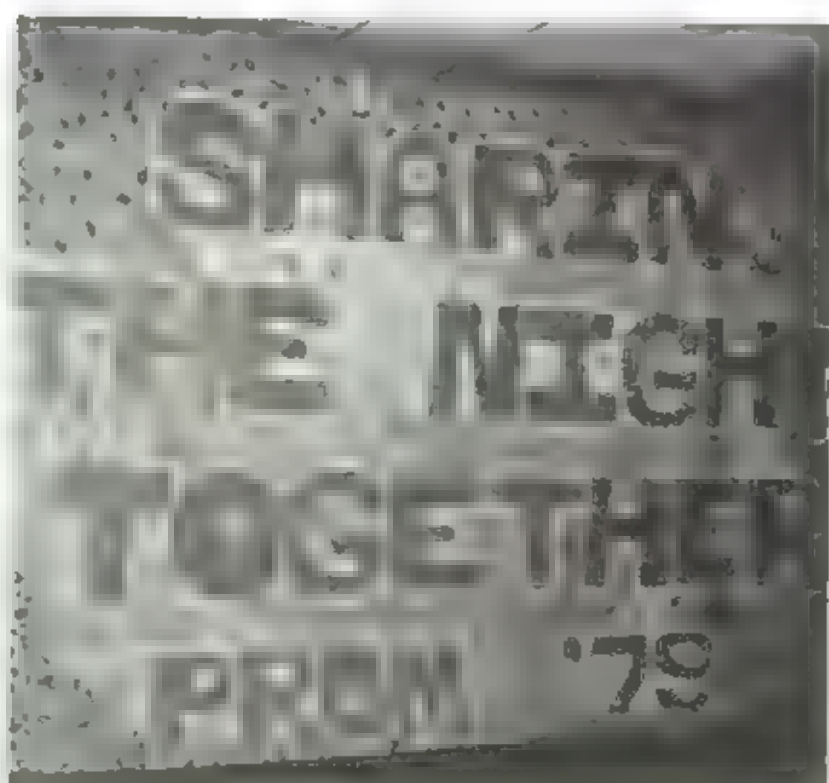

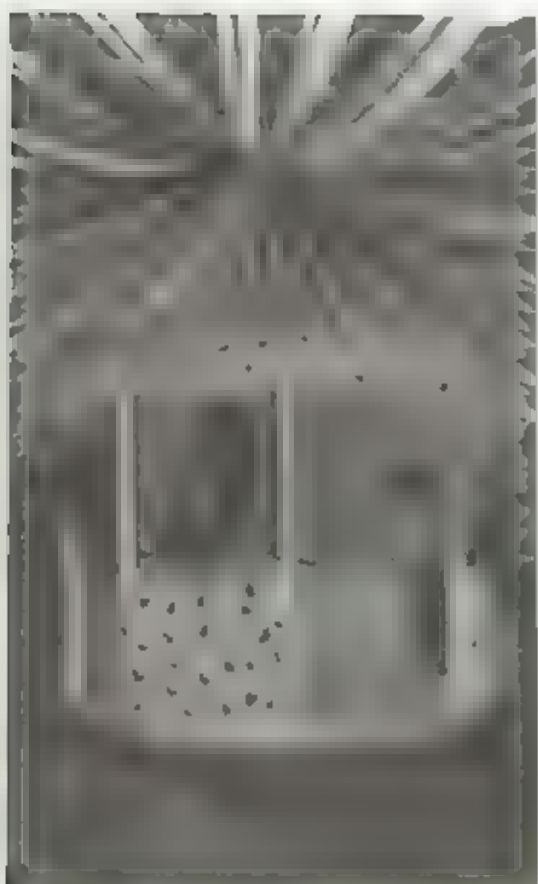

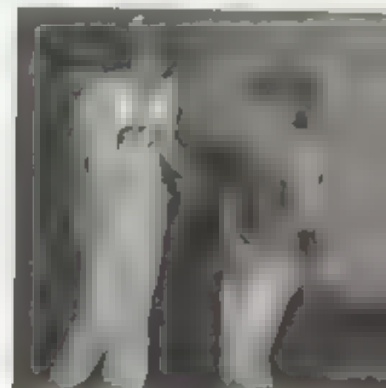

On May 18, 1979, all of our dreams came true. "Sharing the Night Together" proved to be a success.

Many long hours were spent in preparation for the big event. Committees were formed. The committees started meeting in November with a budget of \$1,600. The anticipation mounted as the great-awaited day arrived. The gym was closed on May 14 for the decorating to begin. More long hours were spent trying to get everything finished in time. May 18 finally arrived. The entertainment was DJ Chez. The menu included sandwiches, pretzels, chips, pickles, mints, cake, and punch. Some of the highlights of the evening were the announcement of the Prom Court and the Prom Theme Dances. This evening will be remembered by us forever. All of our hard work paid off because we had one of the best Proms ever!

The 1980 Homecoming celebration was held on October 6, 1979. The day's festivities opened with our great football players doing what they do best as the cheerleaders cheered them on. At halftime, they walked off the field with great pride as the score was announced. The great Indians scored 21 points to the Bulldogs score of 0. The Marching Indians then took over the field with their usual finesse. By the time they finished showing the entire valley that they truly were No.

1, everyone was waiting in wild anticipation of the announcement of our Homecoming Queen. The girls approached the field with their escorts as the balloons were released, and then the moment was finally here. The Homecoming Queen for 1979-80 is Miss Shari Underkoffler.

Senior attendant is Miss Susan Custer and Miss Tina Boyer is Junior attendant. The day came to a total climax when the Indians walked off the field with a 21-6 victory over the Bulldogs.

Staff

The Susquehannock is our school's annual keepsake of memories. It shows all the activities of one school year. Grades 9 through 12 are included.

Patience, understanding, imagination, and dedication are four of the many fine qualities needed to build a yearbook. Many long, hard, and frustrating hours are spent designing a yearbook. However, it all becomes worthwhile when the yearbooks are distributed and everyone can share in the joy of recalling memories.

The advisor is Mrs. Kay Klinefelter.

The Student Council is our form of student government. They help link the barrier between the students, the faculty, and the administration. Members are selected on the basis of submitting written paragraphs. The membership is divided as follows: 6 Freshmen, 8 Sophomores, 10 Juniors, and 12 Seniors.

The Student Council operates the Student Activity Room, sells Homecoming balloon tickets, has "special days" in school, sponsors dances, and does many more activities.

The advisors are Mr. Robert Deibler and Mr. James Herzing.

Congratulations are being offered to members.

One of the highest honors a student of Millersburg High School can obtain is membership into the National Honor Society. Membership is based on four qualities: Scholarship, Service, Leadership, and Character.

Five percent of the Junior Class is inducted annually as is ten percent of the Senior Class. A special candle-lighting induction ceremony is held in February, where five present members provide the program. A tea for the members and their parents is held following the ceremony.

Prestige and special privileges accompany the honor of membership.

Millersburg Area High School Spreads News In The Mighty Tatler

The Tatler is our form of school news and gossip. It is our school newspaper.

Many long, hard hours are spent in preparation of each issue. Time is spent writing the articles, typing the articles, proof-reading the articles, blocking the articles, printing the issues, and folding each copy for sale.

The Tatler shows all the students what goes on in our school, in all aspects. Club activities, sporting events, class news, surveys, and all the gossip of our school are printed monthly. Eight issues are printed a year, at a cost of 40¢ per copy.

The advisor is Mr. Robert Deibler.

This year the Tribesmen, bigger and better than ever, made a few more appearances than other years. Besides the high school assemblies at Thanksgiving and Easter, we planned to make public appearances as well as play for different organizations in our town. We had an addition of musical instruments this year, an electric piano, a synthesizer, and another base guitar. Since all the work is done before school, the group should be commended for giving up their time and participation in one of the many self-rewarding pastimes available to you; making your own music.

Good luck and continued success, Tribesmen!

20 MHS Students And 2 Chaperones Travel To Spain In Spring Of 1979

In the spring of 1979, 2 chaperones and 20 students from MHS traveled to Spain for a 10 day tour and a great learning experience. On April 13 all 22 people boarded the DC-8 at John F Kennedy International Airport for a non-stop flight to Madrid, Spain. We visited such cities as Torremolinos, Madrid, Cordoba, Seville, and Granada. The 22 people on the trip were Angela and Duane Ryan, Bonnie Chubb, Angela Lenker, Donna Martz, Cynthia Lebo, Janine Feaster, Jill Wert, Ed Lenker, Pam Troutman, Randy Carr, Shelley Williard, Barb Shepley, Luanna Stroup, Anne Helwig, Karen Fox, Patty Packard, Libby Nelson, Regina Geyer, Chris Travitz, Sally Wright, and Ronda Haine. All students raised money through a silent auction, a sub sale, and various other fund raisers. We returned home April 22, 1979, through the Transinternational Airlines, which handled our tour, assisted by European Language Association. All students would like to thank Angela and Duane Ryan for their fine effort set forth in preparation for the trip and a fine job of chaperoning for us

Saturday Morning Bowling Hits 300 With Us

Mr. Bullock and Bob Hoy prepare for the day.

Two gutters in a row!!!

The Bowling League for Millersburg Area High School has been in existence for ten years. It consists of 105 members this year. The bowling program lasts for a period of 16 weeks. It starts in December and ends in March.

The League consists of 16 teams which bowl at one of the two sessions. Either Saturday morning at 8.30 or at 11.00. Each team has five regular bowlers and may have alternates. Every team bowls the other 15 teams at least once.

The rules and regulations for our bowling program were set up by the American Junior Bowling Conference. Tournaments are also available for the team or individual who wishes to participate in further bowling programs.

It is the responsibility of the student trainers to attend all sports activities. They take care of all the injured athletes. They also give encouragement and support to all athletes.

Athletic Director

Mr. Richard Koppenheffer is our athletic director. He spends much of his time performing the large responsibilities required to make our athletic program a success. Among his responsibilities are the purchasing of all athletic equipment and the maintaining of a perpetual inventory. He must attend all league meetings of all the sports. He must arrange all the transportation for away contests. He must arrange for the sale of reserved seat and season tickets, printing of programs and pocket schedule cards, and arrange for working personnel for all home games. He must also arrange for all physical examinations and eligibility sheets.

Mr. Koppenheffer uses much of his time to make our athletic program a success. His efforts are well appreciated, and we would like to say a special thank you for all the time he has spent for the benefit of others.

James A. Hallock World Culture, Driver Education, Theory and Behind the Wheel, Instruction, Lock Haven State Teachers College, Pennsylvania State University, B.S. in Education; M. Ed.,

Philip P. Gruch Driver Education, Special Education, Shippensburg State College B.S. in Education

Terry Manning American History, Place Geography, Safety Education and Driver Training, Mansfield State College, Milledale State College, Penn State University; B.S. in Social Sciences and Safety Education

The main purpose of Driver Education is to develop an understanding and practical application of proper attitude and responsibility for operating a motor vehicle. The course includes the following:

1. Understanding of the various parts of the automobile.
2. An understanding of the Motor Vehicle Code of the Commonwealth
3. The procedure and preparation of obtaining an operator's license in Pennsylvania.
4. Create an understanding of the impairment effect of all drugs and the safe operation of a motor vehicle

SPECIAL EDUCATION

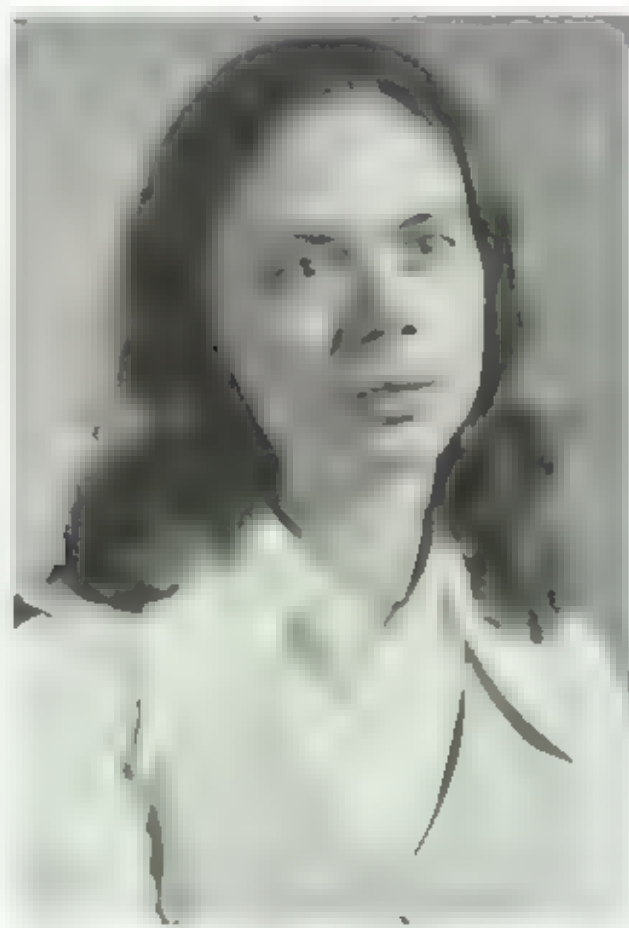

Special Education helps special students adapt to everyday living. They learn the basics in mathematics and English. They learn the basics in phonics, sciences, and social studies. The main objective of the job is to help the students become prepared for what lies ahead in their futures outside of high school. The students get a taste of work life by helping out in the cafeteria.

MHS BUSINESS CURRICULUM VERY EFFICIENT

Kay Anne Klinefelter: Shorthand I & II, Typing and Transcription, Clerical Office Practice General Business; Bloomsburg State College B S in Education, M S in Education

Our business curriculum has a very important function as a source of vocational training in office occupations. Our students are prepared in such classes as general business, business math, accounting, shorthand, typewriting, consumer economics, and office practice to secure office jobs in the business community and and to perform the activities of these jobs with efficiency. The faculty of the business department gives personal attention to each student in an effort to find the type of position for which the student is best qualified

Art And Music Develop Creativity

Art is a means of self-expression through the use of line, form, color, and texture. It provides a means for recording in the visual form of drawings, paintings, and sculpturing those responses to society and the environment that arouse our emotions.

The course of art is planned to provide an emotional outlet for expression, an appreciation of the aesthetics, and a future for those interested in the field as a career.

Cynthia J. Schade: K-6 Classroom Music, 5th Grade Chorus, Middle School Chorus, High School Chorus, Girls' Chorus, and Chamber Choir. Susquehanna University, Penn State University, B.M. in Music Education, M.M. in Applied Music

The Chorus sings at the holiday assemblies and occasionally for a combined chorus-band musical. Chorus is an elective school course and any student may participate. The chorus practices during the 7th period.

The band is active almost all year long. Football season comes first on the agenda. After many practices the band puts on pre-game and half-time shows, as well as competitive performances in field competitions and parades. Next on the agenda is the Spring Concert. Rehearsals and the concert are over quickly, and for the members, the band activities are over but not forgotten.

Special Reading and the Libraries Provide a Good Foundation

Wendy Shomper
Special Reading, Indiana University, B.S. in
Education

As a speech and language clinician, Mrs. Shomper works with those students having difficulty producing certain sounds, or with younger children having delays in language areas.

LIBRARIES:

The Reference Library in the high school building serves students and faculty of the high school. The Johnson Memorial Library is located in a wing attached to the middle school and is used by the community as well as by middle and high school students and faculty. Both libraries provide books, periodicals, and other materials for recreational reading as well as for school assignments.

Physical education classes are aimed at the development of the student both mentally and physically. So health and first aid are taught by this department in separate classes. A passing grade in health is a requirement for graduation. For the instruction of physical education, our school is fortunate to have a well-equipped gym and facilities.

Softball, basketball, tumbling, volleyball, tennis, bowling, dancing, and other recreational games are offered.

Good health habits, good sportsmanship, and cleanliness are always stressed.

Social Studies Emphasizes Facts

Randall J. Fox
9th & 12th Social Studies, Bloomsburg State
College, B.S. in Education

Social Studies provides students with learning skills, information, and experiences that will enable them to play an effective role as a citizen. The American governmental system is fully analyzed. Foreign cultures and heritages are discussed at length. The taxation process is thoroughly studied, enabling the students to file their own income taxes.

Home Economics Provides Opportunity To Demonstrate Skills

Judith H. Bover
Home Economics Family Living Penn State
University, B.S. in Education

Home Economics is the studying and learning about any or all of the elements of family living, individual development, and interpersonal relations. We believe that the family living program should interest, involve, and educate the total student to prepare her for the triple role of homemaker, family member, and wage earner. We strive for the development of interest and appreciation in the areas of foods, nutrition, clothing, marriage, child development, home decoration, and consumer education. Our program provides for first-hand experience in all areas of home and family life. Our students will learn those skills that will help them fill their roles as family members in the most satisfying manner for themselves, their families, and their communities.

Industrial Arts Offer Students A Chance To Prove Ability Beyond Question

Paul C. Withers
Woodworking, Drafting, Penn State University, Bucknell University, B.S. in Education

Drafting, Woodworking, and Metal shop include studying and learning about any or all of the elements of using tools and equipment to prepare the students with a background to advance into a technical vocational field where they are able to meet their future needs. Wood shop begins with practical wood working on small projects and advances to building furniture, cabinets, and other practical applications. Drafting teaches the fundamentals of architecture and design. Metal shop involves working with sheet metal and casting aluminum and iron. In general, all three classes fulfill the triple role to better prepare the students for the vocation that they may endeavor.

Cooks Provide the Energy for the Day

The main job of the cooks of MHS is to serve the students attractive and nutritious meals in an atmosphere of efficiency, cleanliness, and warmth. They serve from 350 to 375 meals per day. Among the favorite meals served are pizza, Hi-los, Chicken pot pie, hamburger & french fries, macaroni and cheese, and chocolate milk, which was a new everyday addition.

Among their many responsibilities are determining the quantities of each food to be prepared daily, preparing food according to a planned menu and tested uniform recipes, determining if the finished product is of best quality both in flavor and appearance before it is served, and planning the daily menu one week in advance which is to be posted and printed in the local weekly newspaper

Custodians Keep Surroundings Clean

The main job of the custodians at MHS is to provide students with a safe, attractive, comfortable, clean, and efficient place in which to learn. Among the varied duties of a custodian are keeping the building neat and clean at all times, sweeping and cleaning corridors each day, and making building repairs, including electrical work

We, the 1980 Susquehannock Staff, would like to thank the many people who have contributed in any way to the publication of our yearbook. We have tried to relive all the moments of life here at MHS. We hope this yearbook will serve as a remembrance to the life we all shared. We hope you will treasure these memories as much as we do.
